MESSAGE FROM THE DESK of President Lion Hans

Here we are at the beginning of another year. This year I see one as appreciating our Club History by rebuilding and having fun. St. Thomas Lions have a long history of fun filled events which should inspire us to keep our Club great. Maybe we can get some inspiration for new projects and make new friends. I hope as President we can accomplish these goals. If we do we should be in a good position to help the people of St. Thomas in the future. Lion President Hans

Next years theme

Summer Blast

22nd. Annual Fathers Day Car Show

Next years the car show is June 17th.2019 Plans are under way .We are hoping for another good crowd and a nice sunny warm day. This is a very important day and one of our best fundraisers. We need as many members to participate as possible. Remember the more hands we have means less work for each of us. We will be giving out a food voucher for a hamburg fries and a drink to all members that show up to work . A nice warm sunny day could bring out 500 + cars and thousands of spectators.

In many ways cruisin' music and surf music can be grouped together to create the same good time atmosphere. Much of the car/surf music comes from the 1960s. The leading acts of the surf era were the Beach Boys and Jan & Dean. Instrumental surf music was led by the Ventures and the Surfaris. Also, songs dealing with the theme of summer are included to expand the list, since car shows are popular in the summer.

What do I consider a teacher should be? One who breathes life into knowledge so that it takes new form in progress and civilization." Helen Keller

"True teaching cannot be learned from text-books any more than a surgeon can acquire his skill by reading about surgery." Helen Keller

Helen Keller challenged Lions to become "knights of the blind in the crusade against darkness."
